- WOOD-TO-THE-FLOOR
- EZ OPERATION
- POWER MECHANISM

## The ultimate zero-stress recliner mechanism.

Allevia® is a zero-stress recliner mechanism ergonomically designed to evenly relieve stress points in the body. Unlike traditional recliner mechanisms with ottomans that support legs in a near-horizontal position, Allevia supports the knees in a higher comfort position. Also available in a heavy-duty version, which increases weight capacity to 400 lbs.
