

EnVisiOn™ ROCKER

3603

Exceptional mid-leg, wood-to-the-floor power mechanism that rocks in all positions.

EnVisiOn™ Rocker is the first mid-leg, wood-to-the-floor rocker reclining mechanism of its kind to be designed and engineered to rock in closed, TV, and full-recline position. The robust, high-grade, steel-arm mounting chassis allows for easy installation to speed up production time. EnVisiOn has a 350-lb. weight capacity and is suitable for a wide range of wing-over-the-arm style options. It also offers a higher footrest elevation than standard industry rockers for an optimum level of comfort. The EnVisiOn Rocker is available in a variety of seat widths, headrest options, and LPDrive Components.
