

SOFA SLEEPER SYSTEM COMPONENTS

Leggett & Platt[®]
HOME FURNITURE

LPHomeFurniture.com

Residential – sofa sleeper system – 2000 series.

The Max™ Series residential sofa sleeper system features engineered low-profile linkage to keep all metal parts below the mattress line. Its all-round tubular frame construction provides improved safety and comfort in the seated position.

- ENGINEERED LOW-PROFILE LINKAGE
- DOUBLE-LOCKING TV HEADREST
- BODY-SUPPORT TUBES and DIRECT-ATTACH WIRES
- DUAL ONE-PIECE TUBULAR LEGS
- ALL-ROUND TUBULAR FRAME CONST.

High-Leg
Sofa Sleeper Mechanism

2500 series – high-leg sofa sleeper system.

High-Leg is engineered with a low-profile linkage to keep all metal parts below the mattress line and allows the manufacturer to create a mid-leg look without seeing the mechanism. Its contoured seat section offers a wide seating area and its double-locking TV headrest provides added comfort while lounging.

- ENGINEERED LOW-PROFILE LINKAGE
- DOUBLE-LOCKING TV HEADREST
- SEAT SUPPORT OPTION
- ALL-ROUND TUBULAR FRAME CONST.
- TALLER LEGS THAN STANDARD MECHS.
- DUAL ONE-PIECE TUBULAR LEGS

- Love Seat
- Sofa
- Sectional

Superior, affordable comfort.

The Classic Square-40 sleeper mechanism provides a strong and visually appealing look with improved safety and comfort. Its level mattress foundation – utilizing wood slats – eliminates bar-in-the-back discomfort, and contoured seat section offers seating close to the arm.

ClassicPLUS™
Professional Series Sofa Sleeper System

Professional series sofa
sleeper system.

The ClassicPLUS sofa sleeper system provides enhanced support and durability by utilizing the unique body and seat support system.

Studio Lounger™ Plus
(Between-Arm Sleep System)

Compact design for smaller
living spaces.

The Studio Lounger™ Plus turns the sleeping position 90° from traditional sofa sleeper designs, allowing for a more compact piece and overall smaller footprint. Its heavy-duty square tubular construction allows it to be used for hospitality and residential applications.

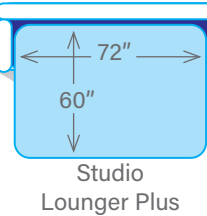

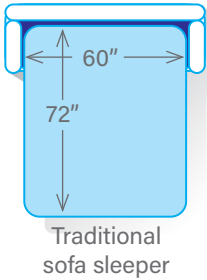

- ANTI-TILT SOFT LOCK
- TRI-TUBE BODY-SUPPORT SYSTEM
- ENHANCED SEAT-SUPPORT SYSTEM
- DUAL ONE-PIECE TUBULAR LEGS
